Customer sample description sample 44:

Coriolus Glucan extract Lotnumber: CVE-G-23101101

Ident.-Nr.: 100024

Packaging 1x plastic bag, à 50 g

Unit Limit value Substance Method

Trace elements / Heavy metals / Halogenides

	,			
Inorganic arsenic	mg/kg	0,187	OM	DIN EN 16802 : 2016-07

Parameter-specific analytical measurement uncertainties and information regarding the method of calculation will be provided upon request if the reported results are above the parameter-specific limit of quantification.

Explanation: OM = on original matter; DM = on dry matter base

Start of testing: 05.12.2023 End of testing: 08.12.2023

The results are related only to the samples tested. In cases where the laboratory has not been responsible for sampling, the reported results apply to the samples as received. The laboratory is not responsible for the information provided by the customer. The customer information, if any, presented in this test report is not subject to the accreditation of the laboratory and may affect the validity of the test results. Duplication of this document or of parts of it requires the authorization from laboratory. In accordance our agreement in writing in the order confirmation, the results in this test report are in a simplified form in the context of DIN EN ISO/IEC 17025:2018, paragraph 7.8.1.3. In conformity assessment, the economic approach is used as the decision rule (a non-conformity exists if the measurement result is

included measurement uncertainty above the specification or standard), as long as nothing else has been determined by corresponding legal or normative bases.
